

2014 Wilderness Within Reach Fly-In Participant Comments

Thank you barely covers the gratitude I have for all of the folks that made this trip possible. As a caregiver, I witnessed firsthand the positive affect this trip had on people who normally would not have the means to attend. As a visitor I was taken aback by the selfless donations that made it all possible. Thank you all so much! This is a trip that won't be forgotten.

I could not have asked for a nicer escape from the grind of daily life. Thank you for your generosity. Without this, for someone unable to hike or horse pack in and without the means, this is a trip of a lifetime and was made possible by you. This is my first experience with the Idaho backcountry and I understand why you love it so much. Thank you isn't enough but it is all I have.

Coming to the ranch is a dream. Because I use a wheelchair I never thought I could access the wilderness, thank you for making it possible for me. The ranch was great and the food was delicious. Thank you for the wonderful times.

I feel that because of opportunities like the fly-in, it makes it easier for individuals like me to access the wilderness because I use a wheelchair. I appreciate all of the pilots that helped make this possible. I've really enjoyed being able to come. Thank you very much!
